Chair of the Management Board*

Annex

Table of Contents

- A. Product Breakdown Structure
- B. Elaboration of Synthetic Drugs online learning module Content – Knowledge Landscape
- C. Diagnostic Self-evaluation: My Progress
- D. Glossary

A. Product Breakdown Structure

The Product Breakdown Structure (PBS) represents the content of the Synthetic Drugs online module as it is set up in the online learning module. Key sections of the PBS are displayed below, covering the online learning module's levels of the Synthetic Drugs Knowledge Landscape and the Glossary.

Synthetic Drugs Knowledge Landscape:

1. Introduction
2. Synthetic Drugs
3. New Psychoactive Substances
4. Chemicals and (Pre-)Precursors
5. Production
6. Safety Measures
7. Trafficking and Organised Crime Groups
8. Investigation and International Cooperation
9. Internet and Darknet
10. Glossary of terms
11. My Progress
12. About

B. Elaboration of the Content – Knowledge Landscape

Users get more in depth information and knowledge about the recurring elements in the Synthetic Drugs online learning module. Each of the element elaborations is described in detail and where appropriate topics are interlinked with each other as well as links to relevant documents and resources. Users have the possibility to engage with the content through comments, ratings and sharing it with colleagues.

C. Diagnostic Self Evaluation: My progress

Users can test their own knowledge about Synthetic Drugs at any time while using the online module through the My Progress section of the module. Test items are pooled according to the recurring topics of the knowledge landscape. A random selection of the items will be offered to users every time they decide to take the self-test for each of the individual topics. Based on the outcomes of the self-test, users will receive

feedback and reflection possibilities which enable them to increase their further professionalization in the domain of the module.

D. Glossary

The Glossary chapter contains a list of acronyms used in the Synthetic Drugs online learning module.
