

## APPENDIX A

The following list provides a full overview of the thematic areas subject of the Call for expression of interest.

Sub-categories that are considered relevant in the context of specific assignments but that are not defined as individual thematic areas in the Application Form are indicated below in *italics* and preceded by an asterisk (\*). When an applicant has specific expertise on sub-categories, he/she must select the box corresponding to the main category and provide further details in the application under the field “Selection Criteria”

**Please take note: under item 5.3 the thematic area “Train the Trainers” is linked with the thematic area “Interview and Interrogation Techniques” due to a technical error; these are separate topics. If you want to apply for either of them, please select the area and indicate in your application under the open field “Selection Criteria” for which one you would like to apply or whether your application concerns both these topics.”**
