## RESTRICTED TO FRAMEWORK PARTNERS

### 1. INTRODUCTION - LEGAL BACKGROUND

CEPOL implements residential activities in close cooperation with Framework Partners.

In line with the Decision of the Governing Board 25/2011/GB<sup>1</sup> and the Executive Director's Decision No. 52/2020/DIR, the Executive Director of the European Union Agency for Law Enforcement Training (CEPOL), invites the CEPOL Framework Partners to send applications for the implementation of CEPOL's residential training activities (hereafter referred to as 'activities' or 'training activities') in the year 2021.

The present Call for Proposals (hereinafter referred to as "the Call") is procedurally governed by:

- TITLE VIII GRANTS of Regulation (EU, Euratom) 2018/1046 of the European Parliament and of the Council of 18 July 2018 on the financial rules applicable to the general budget of the Union, amending Regulations (EU) No 1296/2013, (EU) No 1301/2013, (EU) No 1303/2013, (EU) No 1304/2013, (EU) No 1309/2013, (EU) No 1316/2013, (EU) No 223/2014, (EU) No 283/2014, and Decision No 541/2014/EU and repealing Regulation (EU, Euratom) No 966/2012<sup>2</sup>

The present Call is based on the CEPOL's Preliminary Work Programme 2021 as presented in the Single Programming Document YEAR 2021 –YEAR 2023<sup>3</sup> and the List of Activities 2021 approved by the Management Board<sup>4</sup>.

**Every Framework Partner is expected to submit at least one application** in the framework of the present Call for Proposals either individually or as a part of consortium.

## 2. OBJECTIVES

The present Call aims to contribute to the European law enforcement cooperation by providing learning opportunities that meet the highest level of international excellence. The list of activities were approved by the Management Board Decision 21/2020/MB on “CEPOL Residential Activities in 2021” adopted via written procedure on 24/07/2020. The activities offered for grant applications are listed in the CEPOL Training Catalogue 2021 (Annex 3).

As defined in the Training Catalogue, residential training activities are available for applications in two forms:

- Single activities.
- Sets of activities. Activities within a set are not available for application as single activities.

The implementation of training activities consists of the following actions:

- Organising all logistical aspects of the activities except international travel for participants. The international travel for the participants will be organised by CEPOL;
- Carrying out the activities in line with the 'Integrated Guidance Note for CEPOL Residential Training Activities';
- Implementing activities in a suitable, secure training environment;
- Providing adequate accommodation facilities meeting international standards;
- Planning and implementing the activities at high quality covering all educational aspects (programme, learning outcomes/objectives, delivery methodology, subject matter experts and/or trainers, the use of LEEd, online learning modules, research findings) in line with the aim, target group and learning outcomes indicated in the Training Catalogue (Annex 3).
- Delivering final reports in accordance with the requirements set in the 'Integrated Guidance Note for CEPOL Residential Training Activities'.
- Liaising with CEPOL on the budgetary implementation of the activity for the purpose of early identification of savings/underspending.

**Please note that due to Covid-19 all granted residential activities are expected to be implemented only from 01 July 2021. If the pandemic situation allows earlier implementation of activities in residential format, the CEPOL Executive Director may authorise the earlier implementation of activities on the specific request of the partner.**

### Force majeure clause:

In case the Partner is not able to implement the residential training as proposed, the grant agreement is cancelled or alternatively in case of *force majeure* the parties may agree to transform the residential training to online training. In the latter case the Partner must request the change in advance. The Call for Proposal for Grant Agreements for the Implementation of CEPOL Residential Training Activities 2021 provides this possibility to enable that EU law enforcement training is continued during 2021.

The Framework Partnership Agreement includes the legal basis to manage force majeure situations. Article II.9 states: “Force majeure shall mean any unforeseeable exceptional situation or event beyond the parties’ control which prevents either of them from fulfilling any of their obligations under the agreement, was not attributable to error or negligence on their part, and

proves insurmountable in spite of all due diligence.” The Framework Partnership Agreement also includes the procedure to follow in these situations.

**Please see a detailed guideline concerning the possible transformation of residential activities to online activities in case of force majeure in Annex 9.**

As a further measure, applicants may contact CEPOL for clarifications concerning the terms and conditions or the form of submission during the application stage. These clarification requests, questions in relation to the grant application process are to be received in [grants@cepol.europa.eu](mailto:grants@cepol.europa.eu) no later than **22 December 2020**.

Any questions received after the deadline will not be accepted. Requested clarifications will not affect the further evaluation process and its results.

Further contact concerning the grant application procedure between members of the Evaluation Committee/Executive Director and the applicants are **not** allowed and cannot serve for exchanging information on the evaluation of individual cases.

At the initiative of the members of the Evaluation Committee or the Executive Director, contact is allowed to clarify issues concerning the application which the Evaluation Committee or the Executive Director are not in a position to assess properly. Such contact will be recorded in writing and included in the Evaluation Report.

After the awarding decision, further contact is allowed in order to clarify whether any changes could affect the implementation of the original proposal. Additionally, negotiations may be held between CEPOL and the successful candidate in order to achieve a realistic budget for the activity. Contact between CEPOL and the candidates must be in compliance with the principle of equal treatment. Any changes shall not call into question the initial awarding decision.

## 5. BUDGET AVAILABLE AND FORM OF FINANCING

The **total maximum budget** earmarked for the financing of projects financed under the present Call is **1,488,880.00** (one million four hundred and eighty-eight thousand eight hundred and eighty Euros). CEPOL will finance no more than 95% of the total eligible costs of an activity.

---

<sup>6</sup> Article 136(7) FR

Administrative sanctions (exclusion) may be imposed on applicants if any of the declarations or information provided as a condition for participating in this procedure prove to be false.

**8.4 Supporting documents**

The applicant must provide a declaration on honour in its name and on behalf of all consortium members, certifying that they are not in any of the situations referred to above in par. 8.1, by filling in the relevant form annexed to the present call for proposals (see Annex 8).

**9. SELECTION**

**9.1 Selection Criteria**

The selection criteria assess the applicant's ability to complete the proposed action or work programme. In this respect, applicants have to submit a Declaration on Honour (see Annex 8).

**9.2 Financial capacity**

Applicants must have stable and sufficient sources of funding to maintain their activity throughout the period during which the action is being carried out and to participate in its funding.

**9.3 Operational capacity**

Applicants must have the professional competencies as well as the appropriate qualifications necessary to complete the proposed action.

**10. AWARDING CRITERIA**

The awarding criteria allow the evaluation of the quality of the proposals in relation to the objectives of the call. Received applications will be assessed on the basis of the following criteria:

1. Activity concept	– maximum points	20
2. Content details	– maximum points	40
3. European dimension	– maximum points	10
4. Learning environment	– maximum points	20
5. Cost effectiveness	– maximum points	10
<b>Total</b>	<b>– maximum points</b>	<b>100</b>

The evaluation will be carried out in two stages:

- 1) To begin with, the Evaluation Committee will evaluate the first four criteria listed under the awarding criteria.
- 2) Only applications that reach the threshold of 70 points (out of 90) will then be evaluated with regard to cost effectiveness (criterion 5). In the context of the assessment of this criterion, applications below the threshold of at least 5 (out of 10) points shall be rejected.

**Budget flexibility clause:** An application may be considered valid with a financial bid of a maximum of 10 % above the indicated maximum budget of the activity, if the extra costs above the maximum budget are exclusively attributable to the introduction of an innovative educational element that could not be covered within the regular budget of the activity. The budget flexibility clause is

Template

established in order to ensure that applicants with innovative but costly improvement ideas are not excluded from the grant application mechanism. Please note that this budget flexibility component cannot be used to cover regular costs (e.g. accommodation, meals, networking event). In case of the use of a budget flexibility clause, the applicant must attach a note to the financial proposal providing a detailed explanation about the nature of the innovative educational element including a cost estimate. Applications with this budget flexibility element – provided the required explanation is delivered in sufficient detail – will be awarded 5 points for the financial bid and will not be disqualified.

The points for the financial bid are awarded as follows:

- 5 points: 0%-5% less than the maximum budget available or applying the flexibility clause (see above) ;
- 7 points: 5%-15% less than the maximum budget available;
- 10 points: more than 15% less than the maximum budget available.

For sets of activities, the above-mentioned two-stage evaluation is to be done by taking into account the average result for all activities within the set and the total budget for all activities respectively.

An application can be proposed for a grant by the Evaluation Committee provided the application:

- has reached the threshold of at least 75 points **and**
- has the highest rating within a group of applicants for the specific activity/ies.

The decision to award the grant shall be made by the Executive Director in his role of Authorising Officer on the basis of the recommendations made by the Evaluation Committee. This decision shall bear the form of an award decision, which will then be communicated to the applicant.

The Authorising Officer may depart from the recommendations made by the Evaluation Committee, if he feels this is appropriate and justified, e.g. in accordance with certain strategic priorities, while observing the compliance with the eligibility criteria, the selection criteria and the award criteria laid down in this Call for Proposals.

## 11. LEGAL COMMITMENTS

When CEPOL awards a grant, a grant decision drawn up in Euros detailing the conditions and level of funding will be sent to the grant beneficiary. The implementation of the action may begin only after grant decision has entered into force.

## 12. FINANCIAL PROVISIONS

### 12.1 Co-financing, rules on eligible costs

The grant per training activity is limited to a maximum co-financing rate of 95% of eligible costs. Details on the rules covering the reimbursement of eligible costs incurred can be found in the Integrated Guidance Note (see Annex 2).

<b>Call for Proposals for Grant Agreements</b>	Document number: TE.GRAG.003-3	<b>Template</b>
	Approval date: 09/10/2018	

## 12.2 Non-cumulative award

An action may only receive one grant from the European Union budget. Under no circumstances shall the same costs be financed twice by the Union budget or any other funds. To ensure this, applicants must indicate the sources and amounts of Union funding applied for or received for the same action or part of the action or for its functioning during the same financial year, as well as any other funding applied for or received for the same action.

## 12.3. Non-retroactivity

No grant may be awarded retrospectively for actions already completed or for actions carried out before the grant agreement was signed.

## 12.4 Sub-contracting

Where the implementation of the action requires subcontracting (e.g. the purchase of some services and/or goods, equipment, etc.), the following criteria must be satisfied:

- the grant beneficiary must award the contract to the bid offering the best value for money or the lowest price (as appropriate) and which avoids conflicts of interest;
- the beneficiary must retain the documentation in case of an audit;
- subcontracting may only cover the implementation of a limited part of the action;
- it must be justified with regard to the nature of the action and what is necessary for its implementation; and
- it must be clearly stated in the application.

## 13. PUBLICITY

### 13.1. By the beneficiaries

Beneficiaries must clearly acknowledge the European Union's contribution in all publications or in conjunction with activities for which the grant is used.

In this respect, beneficiaries are required to give prominence to the name and emblem of CEPOL on all their publications, posters, programmes and other products realised under the co-financed project.

### 13.2. By CEPOL

All information relating to grants awarded in the course of a financial year shall be published on CEPOL's website no later than the 30 June of the year following the financial year in which the grants were awarded.

CEPOL will publish the following information:

- name of the beneficiary;
- address of the beneficiary when the latter is a legal person;
- subject of the grant;
- amount awarded.

<b>Call for Proposals for Grant Agreements</b>	Document number: TE.GRAG.003-3	<b>Template</b>
	Approval date: 09/10/2018	

Upon a reasoned and duly substantiated request by the beneficiary, the publication shall be waived, if such disclosure risks threatening the rights and freedoms of individuals concerned as protected by the Charter of Fundamental Rights of the European Union or harm the commercial interests of the beneficiaries.

## 14. FURTHER INFORMATION

Submission of a grant application implies acceptance of all the terms and conditions set out in this Call. It is binding for the applicant to whom the grant is awarded for the duration of the grant agreement.

This invitation to apply for a grant is in no way binding for CEPOL. CEPOL's contractual obligation commences only upon signature of the grant decision with the successful applicant. Up to the point of signature, CEPOL may either abandon the grant application procedure or cancel the award procedure without the applicants being entitled to claim any compensation. This decision must be substantiated and the applicants duly notified.

CEPOL retains ownership of all applications received under this call for grant applications. Consequently the applications cannot be returned to the applicants. CEPOL will not disseminate received grant applications to other applicants.

All cost incurred in preparing and submitting grant applications are borne by the applicants and cannot be reimbursed. All applicants will be informed whether or not their application has been successful.

## 15. DATA PROTECTION

The reply to any call for proposals involves the recording and processing of personal data (such as name, address and CV). Such data will be processed pursuant to Regulation (EU) No.2018/1725<sup>7</sup> on the protection of individuals with regard to the processing of personal data by the Community institutions and bodies and on the free movement of such data. Any personal data requested are required to evaluate the application in accordance with the specifications of the call for proposal and will be processed solely for that purpose by Head of Training Unit in CEPOL. Personal data may be registered in the Early Detection and Exclusion System by the Commission, should the grant beneficiary be in one of the situations mentioned in Articles 136 and 141 of Regulation (EU, Euratom) 2018/1046.
