- to ensure the transparency of operations, and
- to obtain the desired quality of services, supplies and works at the best possible price.

Offers submitted in the context of a procurement procedure are referred to as "tenders".

An economic operator who has submitted a tender is referred to as "tenderer".

An economic operator who has been awarded the contract is referred to as "contractor".

CEPOL procurement is governed by:

---

<sup>3</sup> Regulation (EU) 2015/2219 of the European Parliament and of the Council of 25 November 2015.

Please note that any attempt by a tenderer to obtain confidential information, enter into unlawful agreements with competitors or influence the evaluation committee or CEPOL during the process of examining, clarifying, evaluating and comparing tenders will lead to the rejection of his tender and may result in administrative penalties.

#### **A.6. CAN A CONSORTIUM SUBMIT A TENDER? IS SUBCONTRACTING ALLOWED?**

Consortia of economic operators are authorised to submit tenders (joint offers) in compliance with the terms and conditions specified in Section E.1.

## SECTION B - SPECIFIC INFORMATION ON THIS PROCUREMENT PROCEDURE

*N.B. This section describes in detail the goods and/or services that CEPOL wishes to acquire. It also provides information on the contract that will be signed following the conclusion of the procurement procedure and provides instructions and guidance to the economic operators willing to submit tenders about the content and nature of the tender they have to submit. Furthermore, it describes in detail how the tenderers and the tenders will be assessed by CEPOL against the exclusion, selection and award criteria and how the successful tenderer(s) will be identified.*

*The technical specifications will serve as the contractor's mandate during the contract execution and the entire tender specifications will become an integral part of the contract that will be concluded following the award.*

However please note that the above figures are indicative only and have no contractual value. The actual volume of services may vary depending on the needs of CEPOL.

It also has to be taken into account that requirements for travel services are not distributed evenly throughout the year. Peak periods are April-mid June, mid-August-October.

The maximum contract volume (all payments to the contractor) over its total possible duration of 48 months is estimated at 8,500,000 Euro.

#### ***B.1.2. DESCRIPTION OF THE SUBJECT OF THE CONTRACT AND GENERAL REQUIREMENTS***

Travel will take place mainly in the European Union member states; however services across Europe and beyond are required. Travel arrangements will be made on the basis of the most convenient trip (shortest schedule possible in terms of the time schedule from departure to destination) at the best possible price, according to the provisions mentioned below.

Booking services should be available on-line (through web based booking portal), and off-line (through e-mail and by phone-call centre). The on-line service should, as much as possible, offer the range of travel options and prices available on the off-line e-mail service and the phone service.

Occasionally the Travel Agency may be required to provide other travel arrangement services not listed above (e.g. car rental arrangements, providing information on public transport at the place of meeting and other information of importance to the traveller). If car rental in the place of destination is required, it should be ensured through the issuing of vouchers with the most advantageous car rental company operating on the spot. Travel Agency shall have at its disposal a broad selection of car rental companies across Europe, including car rental companies applying special prices to the European Commission servants.

Low cost airlines, e.g. EasyJet, Ryanair, Wizzair, etc. shall be given priority for booking of flights. If a low cost airline is chosen, seat and one checked-in bag shall be always booked. When these low cost airlines do not provide suitable options, other airlines shall be considered. Unless otherwise instructed, reservations shall always be made in Economy class, at the most cost effective and convenient trip and at the best available market price, unless authorised CEPOL staff instructs otherwise.

The requests for services will be sent to the Travel Agency by the authorised CEPOL staff members in writing by email and will include the commitment<sup>8</sup> number and the necessary information to be taken into account.

The Travel Agency must provide assistance to persons on mission and inform them immediately of any changes, cancellations or problems with their travelling.

#### **B.1.4.b. Cancellation**

In case of cancellation by CEPOL, the Travel Agency will endeavour to minimise any penalties to be incurred by CEPOL. Penalties attributable to a fault of the Travel Agency will not be accepted.

#### **B.1.4.c. Communication of interest to CEPOL**

The Travel Agency will inform CEPOL immediately of upcoming changes in scheduled flights, planned strikes, or other events which may affect travels of persons on mission.

The Travel Agency should ensure that travellers are informed in due course of any delays, changes, cancellations or bad weather conditions, which will adversely affect the travelling schedule.

#### **B.1.4.d. Confidentiality of information**

The Travel Agency must ensure that personal data to which they may get access during the implementation of the contract are protected.

The Travel Agency is bound by standard confidentiality obligations. (See also Article II.8 of the Draft Framework Contract attached in Annex I).

#### **B.1.4.e. Statistics**

The contractor may be asked to submit detailed overviews of the services provided to CEPOL at the end of each semester. Such statistics may include number and type of transactions ordered by CEPOL, number of ticket purchases by CEPOL per month, number of hotel nights booked, etc. as well as expenditure under the contract by month.

#### **B.1.4.f. Ordering process**

Ordering process and delivery of services will be ensured through exchange of emails (request for service) between CEPOL and the Travel Agency throughout the validity of the Framework Contract.

The Travel Agency must provide at least three (if available) best possible options for each request for service.

The requests for services will be sent to the Travel Agency by the authorised CEPOL staff members (as notified in advance).

Validation of the choice of travel option as described under B.1.2 must be strictly adhered to. Any changes to booked travel will be authorised exclusively by the authorised CEPOL staff members. Failure to do so may be a reason for contract termination. During the validation the following assessment criteria will be applied:

- value for money (cheapest option of suitable flights);
- quality of the itinerary of the chosen travel.

In case the authorised CEPOL staff member refuses to validate the selected flight, justification will be given and re-quote requested. Number of refused validations versus total bookings will be assessed quarterly. Results of quarterly validations will be used for annual assessment of quality of services assisting CEPOL in decision on renewal of the contract.

The request for services will indicate the travelling arrangements requested; e.g. as follows:

- Issuing of tickets (air/rail/sea/road);
- Booking of accommodation;
- Booking local transportation services;
- Information on public transport means; etc.

The Travel Agency shall send all offers pertaining to one request in a single email.

A request for services for which a confirmation was issued by CEPOL (as described above) is a "confirmed request for services" and is binding on both CEPOL and the contractor.

#### **B.1.4.g. Invoicing**

The Contractor shall submit on a monthly basis one invoice covering all requested services for a specific commitment number. Invoicing shall be done preferably using e-PRIOR or in paper format according to the Article 1.6.3. of the Framework Contract. For more information on e-PRIOR please visit the following link: [http://ec.europa.eu/isa/ready-to-use-solutions/open-e-prior\\_en.htm](http://ec.europa.eu/isa/ready-to-use-solutions/open-e-prior_en.htm).

The invoice shall cover all the services executed during the previous month under the commitment number in question. The payment will be done in accordance with the relevant provisions of the Model Contract (Annex I). In particular, the invoice shall specify the total amount due, the month and year to which the invoice refers and shall contain the Framework Contract reference number.

The invoice shall be accompanied by a detailed itemised report listing each service provided during the month in question. Each item must specify as a minimum the following:

The invoice shall cover all the services provided during one calendar month (e.g. from 1st May to 31st May 2017).

Please note that the requirement regarding the reporting and invoicing as described above is a minimum requirement. Thus the tenders failing to comply with this requirement will be rejected.

The Travel Agency shall be able to provide the following documents for individual bookings:

<sup>14</sup> See B.1.3.b last paragraph. Voluntary contributions are not reimbursable.

#### **B.1.4.h. Transparency of third party suppliers cost – random audits**

CEPOL reserves the right at any time to request a copy of the financial arrangement or invoice between the third party provider of services and the contractor.

It is the clear intention of this procurement procedure that all potential contractors shall accept the payment model which is entirely based on transaction fees for each service provided, with no extra margin being added to the costs of each service provided by a third party.

Following such a request by CEPOL, if it can be ascertained that an extra cost has been added by the contractor to the third party provider's quoted cost, then CEPOL reserves the right to either reduce the amount of the invoice for that service by the total amount of the extra cost identified for each particular service provided by the third party or to request a credit note.

It will be considered advantageous if the tenderer will be in a position to provide CEPOL, for consultation purposes only and free of charge, with access to its reservation system(s), which should provide information identical to that available to the operational team (for example: Amadeus, etc.). Free access and the type of systems available are to be specified in the technical proposal.

#### **B.1.4.i. Meetings**

The Travel Agency will be requested to attend a number of meetings at the premises of CEPOL (one initial meeting at the start of contract followed by an annual contract performance review meeting – see section B.2.7. Contract Implementation Timetable of the tender specifications).

The travel agency shall delegate at least one representative with sufficient competence and authority to represent the Travel Agency in these meetings.

Any expenses incurred by the Travel Agency in connection to these meetings shall be borne by the Travel Agency.

#### **B.1.4.j. Contract management and customer support**

The Travel Agency shall provide adequate staffing at his business premises who will be dedicated to the provision of services to CEPOL, so as to ensure compliance with the agreed response times and the quality of services during both low and high workload periods. The Travel Agency shall be able to allocate additional staff during peak periods to ensure high quality of service.

The Travel Agency shall also appoint a contract manager within its organisation, who will coordinate the provision of services to CEPOL, will handle communications with CEPOL, supervise and manage CEPOL's requests, respond to queries, assist CEPOL with both technical and administrative issues or in case of special requirements CEPOL may need. All the members of the contract implementation/customer support team must have a good working knowledge of English, at least at level B.2 of the Common European Framework of References for Languages (this is a mandatory requirement).

#### *B.1.5. VARIANTS*

Variants are not permitted in this invitation to tender.

CEPOL will disregard any variants described in an offer, and reserves the right to reject such offers without further evaluation on the grounds that they do not comply with the tendering specifications.

#### *B.1.6. DIVISION INTO LOTS*

This procurement procedure is not divided into lots. The tenderer must be able to provide all services requested.

### **B.2. CONTRACT**

#### *B.2.1. TYPE OF CONTRACT*

CEPOL wishes to conclude a framework service contract with a single economic operator for the provision of the services specified in Section B.1 of the Tender Specifications.

A framework contract is a legal agreement between two parties - in this case, CEPOL and the Contractor. It acts as the basis for possible future purchase of services by CEPOL. The framework contract contains, inter alia, a description of the scope of services that can be purchased by CEPOL, methodology, timing and prices to be respected by the Contractor. It is a contract of a fixed duration but with no fixed value, only a maximum total value. The framework contract itself is not an order for services or supplies and does not constitute a financial commitment. Services are requested under "requests for services" over the period of validity of the framework contract.

The framework contract will be implemented through requests for services that will be issued and confirmed over the period of validity of the framework contract.

Issuing requests for services and confirmations will be done in accordance with the process described in section **B.1.4.f. Ordering process** of the tender specifications.

#### *B.2.2. MODEL CONTRACT AND ACCEPTANCE OF THE TERMS AND CONDITIONS*

A model contract is attached to these Tender Specifications as **Annex I**.

In particular, the model contract indicates the method and the conditions for payments to the contractor.

The resulting contract with the successful tenderer will be based on this model contract.

Submission of a tender implies acceptance of all the terms and conditions set out in this invitation to tender and in the model contract and, where appropriate, waiver of the tenderer's own general or specific terms and conditions. It is binding on the tenderer to whom the contract is awarded for the duration of the contract.

**CEPOL reserves the right to decline without further comment any tender that does not accept its model contract.**

#### *B.2.3. CONTRACT PRICES AND PRICE REVISION*

Prices for the provision of the services shall be as indicated in the tenderer's financial proposal (**Annex III**).

##### **Price revision**

The prices indicated in the financial proposal shall be fixed and not subject to revision during the first year of duration of the framework contract.

Afterwards the prices may be revised as specified in ARTICLE I.5 – PRICES of the Model Contract (**Annex I**).

#### *B.2.4. DURATION OF THE CONTRACT*

The duration of the Framework Contract shall not exceed an initial fixed term of 12 (twelve) months. The Framework Contract may be renewed up to 3 (three) times, each time for an additional period of 12 (twelve) months. The total duration of the Framework Contract shall not exceed 48 (forty-eight) months.

#### *B.2.5. VOLUME OF THE CONTRACT*

The maximum volume of the contract (all payments to the contractor) over a maximum possible duration of 48 months is estimated at: **8,500,000 Euro (excluding VAT)**.

CEPOL may at a later stage exercise the option to increase the maximum contract volume via negotiated procedure with the successful tenderer in accordance with Art. 134 (1) (e) of Commission Delegated Regulation (EU) No 1268/2012 on the rules of application of Regulation (EU, Euratom) No 966/2012 of the European Parliament and of the Council on the financial rules applicable to the general budget of the Union, as last amended.

#### *B.2.6. PAYMENT*

The payment periods and formalities are described in Article I.6 of the attached model contract (see Annex I).

### **B.2.7. CONTRACT IMPLEMENTATION TIMETABLE**

A provisional timetable for the contract signature and subsequent provision of the services is given below.

The estimated date for signature of the contract is March 2017.

After the signature of the contract, an initial meeting will be held at the CEPOL premises in Budapest, Hungary, in order to settle all the details of the contract performance.

A performance review meeting with regards to the framework contract will be held once per year at the CEPOL premises.

<b>Action</b>	<b>Timetable</b>
Signature of the framework contract	Reference date
Initial meeting	Reference date + 1 week
Framework contract performance review meetings	Once per year (dates to be mutually agreed by the parties)

N.B. The financial proposal shall be completely unambiguous. Your tender shall be disqualified, if it contains any statements preventing an accurate and complete comparison of the tenders (such as “To be discussed”, “Conditional to”, “Depending on X” etc.)

The cost simulation scenario follows the current and forecasted spending patterns of CEPOL on travel arrangement services.

The tender providing the lowest price of the offer will receive a **financial score of 100 points**.

The financial score for the other tenders will be calculated by using the following formula:

**Financial score = lowest price of the offer / price of the offer of the tender being evaluated x 100.**

### **B.7.3. AWARD OF THE CONTRACT**

The contract will be awarded to the most economically advantageous tender, which will be established by weighing technical quality against price on a **60/40 basis**.

- The period of validity of the tender, during which the tenderer may not modify the terms of the tender in any respect, must be at least six months following the deadline for dispatching tenders.
- **CEPOL reserves the right to decline without further comment any proposal that does not accept its model contract.**

#### **C.2. LANGUAGE OF YOUR TENDER**

The tenders may be submitted in any of the official languages of the European Union. Since CEPOL's working language is English, CEPOL would highly appreciate to receive tenders written in English, although this does not constitute a selection or an award criterion and will be ignored for the purpose of assessing the tenders.

#### **C.3. HOW TO PACKAGE YOUR TENDER?**

Tenders must be submitted using the double envelope system – i.e. one outer envelope and one inner envelope - in order to guarantee the confidentiality and integrity of data.

Both the **outer and the inner envelopes** must carry the following information:

## **CEPOL PROCUREMENT**

### **TENDER – NOT TO BE OPENED BY CEPOL RECEPTION OR SECURITY STAFF**

Tender Ref. No. **CEPOL/PR/OP/2016/002**

## **C.4. HOW TO DISPATCH YOUR TENDER?**

The tenderer shall dispatch his tender not later than the date and time indicated in Section B.8.

The tenderer may choose to dispatch his tender by registered mail, courier service or hand delivery, to the following address:

**European Police College (CEPOL)**

**Ó utca 27**

**1066 Budapest**

**Hungary**

Tenders sent by other means (e.g. by e-mail or fax) or dispatched later than the deadline indicated in Section B.8 will be rejected.

N.B. The tenderer shall note that, in case of tenders dispatched through registered mail or courier service, if the proof of dispatch is duly provided to CEPOL as explained in Section C.4.1.a below, tenders will be accepted even if – due to unexpected delays – they arrive after the date of the opening session.

If no proof of dispatch is provided to CEPOL and the tenders arrive after the opening session takes place, tenders will be rejected.

#### ***C.4.1. IMPORTANT NOTE: PROOF OF DISPATCH***

##### **C.4.1.a. REGISTERED MAIL AND COURIER SERVICE**

The tenderer shall dispatch its tender to the postal or courier service by the deadline indicated in **Section B.8** at the latest.

As a proof of dispatch, date and time of dispatch shall be clearly indicated by the postal or courier service on the outer envelope of the tender.

In addition, the tenderer shall obtain a receipt of delivery issued by the postal or courier service clearly indicating the date and time of dispatch. By the deadline indicated in **Section B.8**, the tenderer must send a copy of this receipt to CEPOL by e-mail ([tenders@cepol.europa.eu](mailto:tenders@cepol.europa.eu)), specifying the title and reference number of this procurement procedure, together with the name, email address and telephone number of the tenderer.

##### **C.4.1.b. HAND DELIVERY**

The tenderer shall hand in its tender to the CEPOL official taking delivery by the deadline indicated in **Section B.8** at the latest.

As a proof of dispatch, the tenderer shall obtain a receipt, signed and dated by the CEPOL official taking delivery, clearly indicating the date and time when the CEPOL official took delivery of the tender.

In order to ensure punctual hand delivery, the tenderer is strongly advised to take into account the time needed for security checks when entering the CEPOL premises and for the actual handover of its tender to the CEPOL official in charge of taking delivery.

CEPOL may not be held liable for any delays incurred by the tenderer when in CEPOL's premises; the tenderer alone is responsible for ensuring that its tender is delivered on time.

#### **C.5. CONTACTS BETWEEN CEPOL AND TENDERERS**

Contacts between CEPOL and the tenderer may only take place in exceptional circumstances, under the following conditions:

##### ***C.5.1. BEFORE THE DEADLINE FOR DISPATCHING TENDERS***

###### **C.5.1.1. REQUESTS FOR CLARIFICATIONS**

Should the tenderer discover any discrepancies in the Tender Specifications or be in any doubt as to their meaning, the tenderer should notify CEPOL.

The tenderer may also request additional information and/or clarifications on the procurement procedure, the Tender Specifications or the nature of the contract.

Such requests shall be made in writing only; no telephone queries will be accepted.

The requests shall indicate the tender reference number and title, and shall be sent by e-mail to [tenders@cepol.europa.eu](mailto:tenders@cepol.europa.eu).

All queries shall be sent to CEPOL no later than the deadline indicated in **Section B.8**. Tenderers shall note that CEPOL is not bound to reply to requests for additional clarifications made less than 6 working days before the deadline for dispatching tenders.

#### **C.5.1.2. AMENDMENT OF THE TENDER SPECIFICATIONS**

At any time prior to the deadline for dispatching tenders, CEPOL may modify the Tender Specifications by amendment.

In order to allow tenderers reasonable time in which to take the amendment into account in preparing their tenders, CEPOL, at its discretion, may extend the deadline for dispatching tenders.

**N.B.** The information concerning requests for clarifications and/or amendments of the Tender Specifications will be made available electronically on the CEPOL web site (<https://www.cepol.europa.eu/who-we-are/working-with-cepol/procurement>) no later than 6 days before the deadline for dispatching tenders.

CEPOL web site will be updated regularly. It is the tenderer's responsibility to check for updates and modifications during the tendering period.

Clarifications and/or amendments will be regarded as an integral part of the Tender Specifications.

#### **C.5.2. AFTER THE DEADLINE FOR DISPATCHING TENDERS**

If, after the deadline for dispatching tenders, a clarification is needed by CEPOL or if obvious clerical errors in the tender need to be corrected, CEPOL may contact the tenderer, although such contacts may not lead to any alterations of the terms of the submitted tender.

### **SECTION D - HOW WILL TENDERS BE EVALUATED**

#### **D.1. PUBLIC OPENING SESSION**

Tenders are opened by an opening committee, whose members are appointed by CEPOL on a personal basis under guarantee of impartiality and confidentiality.

#### ***D.1.1. FORMAL OPENING REQUIREMENTS***

The main aim of the opening session is to check whether the tenders received are compliant with the following formal requirements:

1. the tender was not dispatched later than the dispatch deadline indicated in **Section B.8**,
2. the inner envelope containing the tender is sealed as specified in **Section C.3**, in order to guarantee the confidentiality and integrity of data,
3. the tender contains information and documentation indicated in **Section C.1**,
4. the Technical and Financial proposals are signed on the front page and initialled on each page, as indicated in **Section C.1**,
5. the tender is submitted in the number of copies required in **Section C.3**.

If tenders are not compliant with requirements no. 1 and 2, they will be rejected.

#### ***D.1.2. MODALITIES TO ATTEND THE PUBLIC OPENING SESSION***

The public opening session will take place at CEPOL's premises on the date and time indicated **Section B.8**.

One representative per tenderer is allowed to attend the opening session as an observer.

Should a tenderer wish to be present, it shall inform CEPOL of the name of its representative by email ([tenders@cepol.europa.eu](mailto:tenders@cepol.europa.eu)), not later than the date and time indicated in **Section B.8**.

For security reasons, the tenderers who do not register within the given deadline will not be allowed to attend the opening session.

#### **D.2. TENDER EVALUATION SESSION**

Tenders complying with the formal opening requirements checked during the opening session are evaluated in four stages by an evaluation committee, whose members are appointed by CEPOL on a personal basis under guarantee of impartiality and confidentiality.

1. The evaluation committee first checks the eligibility of the tenderer to participate in the procurement procedure as defined in **Section B.6.1**.
2. The evaluation committee then checks the capacity of the tenderer to perform the contract against the selection criteria as defined in **Section B.6.2**. If one of the relevant criteria is not positive, its tender may not be further evaluated.
3. The evaluation committee checks if all the minimum requirements listed in **Section B.1** are met. The tenders that do not meet all the minimum requirements shall be rejected.

4. Afterwards, the evaluation committee evaluates the technical and financial proposals against the award criteria and identifies the offer presenting the best value for money as explained in **Section B.7**.

In case of joint offers submitted by consortia and in case of subcontracting, the exclusion, selection and award criteria are assessed in compliance with the terms and conditions specified in **Section E**.

N.B. The evaluation procedure is confidential. The deliberations of the evaluation committee are held in closed session and its recommendations are collective. The members of the evaluation committee are bound to confidentiality.

## **SECTION E - JOINT OFFERS SUBMITTED BY CONSORTIA AND SUBCONTRACTING: TERMS AND CONDITIONS**

Companies can consider two ways of collaborating in a tender: either as joint partners in the tender or through subcontracting. Unless stated otherwise in the contract notice and/or the tendering specifications, both **joint tenders** and **subcontracting** are allowed in response to a call for tenders issued by CEPOL. Tenders may even combine both approaches.

In any case, the file must specify very clearly whether each economic operator involved in the tender is acting as a partner in a joint tender or as a subcontractor (this also applies where the various companies involved belong to the same group, or even where one is the parent company of the others). Please fill in the relevant information in the **Tender Form (see Annex VI)** for this purpose.

The implications of these two modes of collaboration are radically different. So that you can understand them both fully, they are outlined below.

### **E.1. JOINT OFFERS SUBMITTED BY CONSORTIA**

#### ***E.1.1. INTRODUCTION***

Groups of economic operators (consortia) are authorised to submit tenders (joint offers). In this case, each member of the consortium shall fulfil the requirements and accept the terms and conditions set out in the Invitation to Tender, the Tender Specifications, the Model Contract as well as all the relevant annexes.

The members of the consortium shall designate one member as Consortium Leader with full authority to bind the consortium and each of its members. The Consortium Leader shall act as a single point of contact with CEPOL in connection with the present procurement procedure.

CEPOL may not demand that consortia must have a given legal form in order to be allowed to submit a tender. However, the consortium selected may be required to adopt

a given legal form after it has been awarded the contract and before the contract is signed, if this change is necessary to the proper performance of the contract.

#### *E.1.2. DOCUMENTATION / INFORMATION TO BE PROVIDED*

Each member of the consortium must provide the following documentation:

- Documentation related to its eligibility to tender, as specified in **Section B.6.1**;
- Documentation related to the economic and financial capacity of the tenderer and documentation related to its legal capacity as specified in **Section B.6.2.1**;

Documentation related to its technical and professional capacity, as specified in **Section B.6.2.2**, shall relate to the whole consortium.

#### *E.1.3. EVALUATION*

Joint offers submitted by consortia will be assessed as follows:

- The exclusion criteria (**Section B.6.1**) and the selection criteria for the legal capacity (**Section B.6.2.1**) will be assessed in relation to each member of the consortium individually;
- The selection criteria for the economic and financial capacity (**Section B.6.2.1**) will be assessed in relation to the combined capacities of all members of the consortium, as a whole;
- The selection criteria for the technical and professional capacity (**Section B.6.2.2**) will be assessed in relation to the combined capacities of all members of the consortium, as a whole;
- The technical and financial evaluation of the offers (**Section B.7**) will be carried out in relation to the tender.

Since all members of the consortium are jointly and severally liable towards CEPOL for the performance of the contract, statements included in the joint offer saying, for instance:

- that each member of the consortium will be responsible only for a specific part of the contract, or
- that a separate contract should be signed with each member of the consortium if the joint offer is successful,

are incompatible with the principle of joint and several liability.

CEPOL will disregard any such statement contained in a joint offer, and it reserves the right to reject such offers without further evaluation, on the grounds that they do not comply with the Tender Specifications.

**N.B.** If a member of the consortium does not fulfil one of the exclusion criteria, the whole consortium shall be excluded.

#### ***E.1.4. CONTRACT IMPLEMENTATION***

Once the Contract has entered into force, all members of the consortium shall be jointly and severally liable towards CEPOL for the performance of the Contract; they shall comply with the terms and conditions of the Contract and ensure the proper execution of their respective share of the services.

The Consortium Leader – duly authorised by the other members of the consortium – will be entitled to sign any contractual documents; it shall act as a single point of contact with CEPOL in connection with the services to be provided under the Contract; it shall co-ordinate the provision of the services by the consortium members to CEPOL; it shall guarantee a proper administration of the Contract.

The composition of the consortium and the allocation of tasks among the members of the consortium shall not be altered without prior written information to CEPOL.

### **E.2. SUBCONTRACTING**

#### ***E.2.1. INTRODUCTION***

The tenderer may subcontract the tasks specified in Section B.1 (Technical specifications) to other economic operators, as long as the supplies and/or services are provided in accordance with the Tender Specifications and have no impact on the prices proposed in its financial proposal.

#### ***E.2.2. DOCUMENTATION / INFORMATION TO BE PROVIDED***

The tenderer shall:

1. State which tasks it intends to subcontract and clearly indicate the already identified subcontractor(s), their roles, activities and responsibilities;
2. Specify the volume or proportion of the activities likely to be subcontracted;

In addition, if the tenderer intends to subcontract above 50% of the activities specified in Section B.1 to other economic operators, and the subcontractor(s) is/are already identified, the tenderer shall provide the following documentation for each subcontractor:

- Documentation related to the eligibility to tender of the already identified subcontractor(s), as specified in Section B.6.1
- Documentation related to the economic and financial capacity and documentation related to the legal capacity of the subcontractor, as specified in Section B.6.2.1;

- Documentation related to the technical and professional capacity of the subcontractor (documentation to be provided to the extent of the activities that will be subcontracted), as specified in Section B.6.2.2.

### ***E.2.3. EVALUATION***

In case of subcontracting, the tender will be assessed as follows:

- *(if applicable)* the exclusion criteria (Section B.6.1) and the selection criteria for the legal capacity (**Section B.6.2.1**) will be assessed in relation to each proposed subcontractor individually;
- *(if applicable)* the selection criteria for the economic and financial capacity (Section B.6.2.1) will be assessed in relation to the combined capacities of the tenderer and the subcontractor(s), as a whole, depending on the extent to which the subcontractor(s) will put their resources at the disposal of the tenderer for the performance of the contract;
- *(if applicable)* the selection criteria for the technical and professional capacity (Section B.6.2.2) will be assessed in relation to the combined capacities of the tenderer and the subcontractor(s), as a whole, depending on the extent to which the subcontractor(s) will put their resources at the disposal of the tenderer for the performance of the contract;
- The technical and financial evaluation of the offers (Section B.7) will be carried out in relation to the tender.

### ***E.2.4. CONTRACT IMPLEMENTATION***

Once the contract has entered into force, the successful tenderer shall retain full liability towards CEPOL for the performance of the contract as a whole. CEPOL will not have any direct legal commitment with the subcontractor(s).

During the execution of the contract, the contractor will need CEPOL's express authorisation to replace a subcontractor with another subcontractor and/or to subcontract tasks for which subcontracting was not envisaged in the original tender, in compliance with the provisions on subcontracting foreseen in the contract.

## SECTION F - SIGNATURE OF THE CONTRACT WITH THE SUCCESSFUL TENDERER: PROVISION OF DOCUMENTATION

### Eligibility documentation (exclusion criteria)

The successful tenderer to whom CEPOL intends to award the contract will have to provide – within a time limit defined by CEPOL and preceding the signature of the contract – specific evidence in order to prove that they are not in a case of exclusion.

The following documentary evidence, confirming the declaration on honour, is listed below and will be accepted in **original only**:

In relation to articles 106 and 107 of the Regulation (EU, Euratom) No 966/2012 on the financial rules applicable to the general budget of the Union, as amended, the successful tenderer shall provide information on the persons that are members of the administrative, management or supervisory body, as well as the following evidence concerning the person or the natural or legal persons which assume unlimited liability for the debt of the person:

For situations described in (a), (c), (d) or (f), production of a recent extract from the judicial record is required or, failing that, an equivalent document recently issued by a judicial or administrative authority in the country of establishment of the person showing that those requirements are satisfied.

For the situation described in point (a) or (b), production of recent certificates issued by the competent authorities of the State concerned are required. These documents must provide evidence covering all taxes and social security contributions for which the person is liable, including for example, VAT, income tax (natural persons only), company tax (legal persons only) and social security contributions. Where any document described above is not issued in the country concerned, it may be replaced by a sworn statement made before a judicial authority or notary or, failing that, a solemn statement made before an administrative authority or a qualified professional body in its country of establishment.

However, CEPOL may decide to waive the obligation of the successful tenderer to submit the documentary evidence if such evidence has already been submitted to CEPOL for the purposes of another procurement procedure and provided that the issuing date of the documents does not exceed one year and that they are still valid. In such a case, the successful tenderer shall declare on its honour that the documentary evidence has already been provided to CEPOL in a previous procurement procedure and confirm that no changes in its situation have occurred.

**N.B.** In case of joint offers submitted by consortia, the above listed documentary evidence shall be provided by each member of the consortium.

In case of subcontracting, the above listed documentary evidence shall be provided on CEPOL's request.

The successful tenderer shall acknowledge that the notification letter sent by CEPOL to inform him that CEPOL intends to award him the contract does not constitute the award of the contract itself. This will not be completed until the contract has been signed by the successful tenderer and CEPOL.

Please note that the signature of the contract between CEPOL and the successful tenderer will be conditional upon provision of the documentary evidence from the successful tenderer.

**Capacity documentation (selection criteria)**

On CEPOL's request, the successful tenderer shall submit – within a time limit defined by CEPOL and preceding the signature of the contract – the original certificates / documents to CEPOL for conformity check prior to the signature of the contract.

In such case, please note that the signature of the contract between CEPOL and the successful tenderer will be conditional upon provision of the original certificates / documents from the successful tenderer.
