B. Cases

The Police Academy of the Netherlands has developed three cases for the Cybercrime ICT learning tool available on DVD. Permission to use these cases for the CEPOL online learning module has kindly been given to CEPOL.

The cases are exemplary for Cybercrime's products and service. The Cybercrime workflow pictured different stages of each case will be updated to reflect the current situation after the reorganisation.

C. Elaboration

Users get more in depth information and knowledge about the 24 recurring elements in the online Cybercrime module. Each of the element elaborations is described in detail and reflects the Cybercrime organisation and workflow after 1 January 2010.

D. Diagnostic Self Evaluation

Users can test their own Cybercrime knowledge at any time while using the online Cybercrime module. Test items are pooled according to the 24 recurring elements.

The full content descriptions of the Cybercrime online module are available to registered users of CEPOL's website.
