THE GOVERNING BOARD,

Having regard to Council Regulation (EC, Euratom) No 1605/2002 of 25 June 2002 on the Financial Regulation applicable to the general budget of the European Communities (hereinafter referred to as "the general Financial Regulation"), and in particular Article 185(1) thereof,

Having regard to Council Decision 2005/681/JHA (hereinafter referred to as "the constituent instrument") establishing a European Police College (hereinafter referred to as "CEPOL"),

Having regard to the opinion of the Commission,

Having regard to Commission Decision of granting consent to a derogation requested by the European Police College from Regulation (EC, Euratom) No 2343/2002 on the Framework Financial Regulation for the bodies referred to in Article 185 of Council Regulation (EC, Euratom) No 1605/2002

Having received the prior consent of the Commission where necessary,

Whereas:

- (1) CEPOL has legal personality and hence its own budget governed by specific financial rules.
- (2) The framework Financial Regulation 2343/2002 of 19 November 2002 lays down the rules governing the establishment, implementation and scrutiny of the budget of the Community bodies which actually receive grants charged to the Community budget.

On the basis of this framework Financial Regulation it is necessary that CEPOL adopts its own financial rules, which, as indicated in the abovementioned Article 185, may depart from the framework Financial Regulation in accordance with the specific management needs of those bodies, but only with the Commission's consent.

- (3) Like the general Financial Regulation, this Financial Regulation confines itself to stating the broad principles and basic rules governing the whole of the budgetary sector concerned, while detailed provisions may subsequently be adopted in order to make these financial rules easier to read.
- (4) For the purpose of establishing and implementing the budget, the four fundamental principles of budgetary law (unity, universality, specification, annuality), and the principles of equilibrium, unit of account, sound financial management and transparency must be reasserted.
- (5) It is necessary to define the powers and responsibilities of the accounting officer, the internal auditor and authorising officers. The last mentioned are fully responsible for all revenue and expenditure operations executed under their authority and must be held accountable for their actions, including, where necessary, through disciplinary proceedings.

- (6) Like the institutions CEPOL must not be allowed to raise loans, in accordance with Article 14 of the general Financial Regulation.
- (7) The internal audit function within CEPOL must be performed by the Commission's internal auditor, who will therefore act as the guarantor of the overall consistency of the system and its working methods in accordance with Article 185(3) of the general Financial Regulation.
- (8) The timetable for establishing the budget, presenting the accounts and granting discharge must be aligned on the equivalent provisions of the general Financial Regulations, and the authority responsible for granting CEPOL discharge is the same as for the general budget (Article 185(2) of the general Financial Regulation).
- (9) The accounting rules applied by CEPOL must allow for consolidation with the accounts of the institutions, and to this end they must be adopted by the Commission's accounting officer in accordance with Article 133 of the general Financial Regulation.
- (10) In accordance with Article 46 of the general Financial Regulation, the establishment plan must be submitted to the budgetary authority for approval.
- (11) CEPOL shall have access to the panel referred to in Article 66(4) of the general Financial Regulation set up by the Commission to examine irregularities so that a similar assessment can be made of identical cases, if the Governing Board so decides.
- (12) Since CEPOL receives a grant charged to the Community budget, CEPOL must strictly observe the same requirements as the institutions in the award of public contracts and grants, in so far as such contracts and grants are authorised by the constituent instrument; in this respect a reference to the relevant provisions of the general Financial Regulation will suffice.
- (13) Like the institutions, CEPOL may, for the performance of the tasks entrusted to it, employ external private sector bodies only where necessary and not for tasks involving any public service mission or any use of discretionary powers of judgement, in order to guarantee that each body is accountable for the implementation of its budget and adheres to the objectives assigned to it on its creation.
- (14) In support of CEPOL's request for payment of the Community subsidy, CEPOL must submit a cash flow forecast, and the funds paid by the Communities in respect of that subsidy must bear interest for the benefit of the Communities.
- (15) Once CEPOL collects fees and charges there must be specific provisions organising the collection of fees and charges, which are one of the resources of CEPOL.
- (16) In view of statutory requirements arising from the constituent instrument, the procedure for presenting the accounts should be adapted and provisions made for the Governing Board to give its opinion on the accounts.
- (17) The only provisions of the general Financial Regulation that must be included in this Regulation are those which are relevant to CEPOL.

In particular this Regulation must therefore not include the provisions relating to areas of activity that have no connection with CEPOL, the various methods of implementation embodying the concept of externalisation and the information on the budget to be sent to the European Parliament and the Council. Additionally, only some of the categories of assigned revenue in the general Financial Regulation should be taken into consideration and, finally, the procedure for transfers of appropriations and establishment of the budget must be less detailed and less complex.

- (18) It is important to recast decisions periodically to ensure correct consolidation of accumulated changes.

HAS ADOPTED THIS DECISION:

TITLE I SUBJECT MATTER

Article 1

This Regulation spells out the essential rules applicable to the European Police College (hereinafter referred to as "CEPOL") in accordance with the Commission Regulation (EC, Euratom) No 2343/2002 and the Council Regulation (EC, Euratom) No 1605/2002 (hereinafter referred to as "the general Financial Regulation").

Article 2

For the purposes of this Regulation:

1. "Constituent instrument" shall mean the Council Regulation 2005/681/JHA establishing CEPOL.
2. "Budgetary authority" shall mean the European Parliament and the Council of the European Union.

TITLE II BUDGETARY PRINCIPLES

Article 3

The establishment and implementation of the budget of CEPOL (hereinafter referred to as "the budget") shall comply with the principles of unity and budget accuracy, annuality, equilibrium, unit of account, universality, specification, sound financial management, which requires effective and efficient internal control and transparency as provided for in this Regulation.

Chapter 1
Principles of unity and of budget accuracy

Article 4

The budget is the instrument which, for each financial year, forecasts and authorises the revenue and expenditure considered necessary for CEPOL.

Article 5

The budget shall comprise:

- (a) a subsidy granted by the European Communities, and any other revenue;
- (b) revenue assigned to specific items of expenditure in accordance with Article 19(1);
- (c) the expenditure of CEPOL, including administrative expenditure.

Article 6

1. No revenue shall be collected and no expenditure effected unless booked to a heading in the budget.
2. An appropriation must not be entered in the budget if it is not for an item of expenditure considered necessary.
3. No expenditure may be committed or authorised in excess of the appropriations authorised by the budget.

Chapter 2
Principle of annuality

Article 7

The appropriations entered in the budget shall be authorised for one financial year which shall run from 1 January to 31 December.

Article 8

1. The budget shall contain non-differentiated appropriations and, where justified by operational needs, differentiated appropriations. The latter shall consist of commitment appropriations and payment appropriations.

2. Commitment appropriations shall cover the total cost of the legal commitments entered into during the current financial year.
3. Payment appropriations shall cover payments made to honour the legal commitments entered into in the current financial year and/or earlier financial years.
4. Administrative appropriations shall be non-differentiated. Administrative expenditure arising from contracts covering periods that extend beyond the financial year, either in accordance with local practice or relating to the supply of equipment, shall be charged to the budget of the financial year in which it is effected.

Article 9

1. The revenue of CEPOL referred to in Article 5 shall be entered in the accounts for the financial year on the basis of the amounts collected during the financial year.
2. The revenue of CEPOL shall give rise to an equivalent amount of payment appropriations.
3. The appropriations authorised in the budget for a given year may be used solely to cover expenditure committed and paid in that financial year, and to cover amounts due against commitments from preceding financial years.
4. Commitments shall be entered in the accounts on the basis of the legal commitments entered into up to 31 December.
5. Payments shall be entered in the accounts for a financial year on the basis of the payments effected by the accounting officer by 31 December of that year at the latest.

Article 10

1. Appropriations which have not been used at the end of the financial year for which they were entered shall be cancelled.

However, they may, by decision of the Governing Board taken before 1 March, be carried over to the next financial year only, in accordance with the paragraphs 2 to 7.

2. Appropriations relating to staff expenditure may not be carried over.
3. Commitment appropriations and non-differentiated appropriations not yet committed at the close of the financial year may be carried over in respect of amounts corresponding to commitment appropriations for which most of the preparatory stages of the commitment procedure, to be defined in the rules implementing the financial regulation of CEPOL, have been completed by 31 December; these amounts may then be committed up to 31 March of the following year.
4. Payment appropriations may be carried over in respect of amounts needed to cover existing commitments or commitments linked to commitment appropriations carried over, when the appropriations provided for the relevant lines in the budget for the

following financial year do not cover requirements. CEPOL shall first use the appropriations authorised for the current financial year and shall not use the appropriations carried over until the former are exhausted.

5. Non-differentiated appropriations corresponding to obligations duly contracted at the close of the financial year shall be carried over automatically to the following financial year only.
6. Appropriations carried over which have not been committed by 31 March of year n+1 shall be automatically cancelled.

Appropriations carried over in this way shall be identified in the accounts.

7. The appropriations available at 31 December arising from the assigned revenue referred to in Article 19 shall be carried over automatically.

The appropriations available corresponding to assigned revenue carried over must be used first.

By 1 June of the year N+1 at the latest, CEPOL shall inform the Commission about the implementation of the assigned revenue carried over.

Article 11

Where amounts are decommitted, as a result of total or partial non-implementation of the actions for which they were earmarked, in any financial year after that in which the appropriations were committed, the appropriations concerned shall be cancelled.

Article 12

The appropriations entered in the budget may be committed with effect from 1 January, once the budget has become definitive.

Article 13

1. As from 15 November of each year, routine administrative expenditure may be committed in advance against the appropriations provided for the following financial year. Such commitments may not, however, exceed one quarter of the appropriations decided by the Governing Board on the corresponding budget line for the current financial year. They may not apply to new expenditure of a kind not yet approved in principle in the last budget duly adopted.
2. Expenditure which must be paid in advance, for example rents, may give rise to payments from 1 December onwards to be charged to the appropriations for the following financial year. In this case, the limit referred to in paragraph 1 shall not apply.

Article 14

1. If the budget of CEPOL has not been finally adopted at the beginning of the financial year, the following rules shall apply to commitment and payment of expenditure which it has been possible to book to a specific heading in the budget as part of implementation of the last budget duly adopted.
2. Commitments may be made per chapter up to a maximum of one quarter of the total appropriations authorised in the chapter in question for the previous financial year, plus one twelfth for each month which has elapsed.

Payments may be made monthly per chapter up to a maximum of one twelfth of the appropriations authorised in the chapter in question for the previous financial year.

The limit of the appropriations provided for in the statement of estimates of revenue and expenditure may not be exceeded.

3. At the request of the Director, if the continuity of action by CEPOL and management needs so require, the Governing Board may simultaneously authorise two or more provisional twelfths for both commitments and payments over and above those automatically made available by the provisions of paragraphs 1 and 2.

The additional twelfths shall be authorised in full and shall not be divisible.

Chapter 3 **Principle of equilibrium**

Article 15

1. The budget revenue and payment appropriations must be in balance.
2. Commitment appropriations may not exceed the amount of the Community subsidy, plus own revenue and any other revenue referred to in Article 5.
3. CEPOL may not raise loans.
4. Community funds paid to CEPOL shall constitute for its budget a balancing subsidy which shall count as pre-financing within the meaning of Article 81(1)(b)(i) of the general Financial Regulation.
5. CEPOL shall implement rigorous cash management, taking due account of assigned revenue, in order to ensure that its cash balances are limited to duly justified requirements. With its payment requests it shall submit detailed and updated forecasts on its real cash requirements throughout the year, including information on assigned revenue.

Article 16

1. If the balance of the outturn account within the meaning of Article 81 is positive, it shall be repaid to the Commission up to the amount of the Community subsidy paid during the year. The part of the balance exceeding the amount of the Community subsidy paid

during the year shall be entered in the budget for the following financial year as revenue.

The difference between the Community subsidy entered in the general budget and that actually paid to CEPOL shall be cancelled.

CEPOL shall provide, by 31 March of the year N at the latest, an estimate of the operating surplus from the year N-1, which is to be returned to the Community budget later in year N, in order to complete the information already available concerning the surplus of the year N-2. This information shall be duly taken into account by the Commission when assessing the financial needs of CEPOL for the year N+1.

2. If the balance of the outturn account provided for in Article 81 is negative, it shall be entered in the budget for the following financial year.
3. The revenue or payment appropriations shall be entered in the budget during the budgetary procedure using the letter of amendment procedure or, while budget implementation is under way, by means of an amending budget.

Chapter 4 Principle of unit of account

Article 17

The budget shall be drawn up and implemented in euro and the accounts shall be presented in euro.

However, for cash-flow purposes, the accounting officer and, in the case of imprest accounts, imprest administrators shall be authorised to carry out operations in Great Britain Pound and for special purpose in other national currencies.

Chapter 5 Principle of universality

Article 18

Total revenue shall cover total payment appropriations, subject to Article 19. All revenue and expenditure shall be entered in full without any adjustment against each other, subject to Article 21.

Article 19

1. The following items of revenue shall be used to finance specific items of expenditure:
 - (a) revenue earmarked for a specific purpose, such as income from funds for programmes, foundations, subsidies, gifts and bequests;

- (b) contributions to CEPOL's activities from Member States, non-member countries or miscellaneous bodies; the basis for this is to be provided in an agreement concluded between CEPOL and the Member States, non-member countries or bodies in question;
 - (c) revenue from third parties in respect of goods, services or work supplied at their request, with the exception of fees and charges referred to in Article 5(a) as any other revenue;
 - (d) proceeds from the supply of goods, services and works for Community institutions or other Community bodies;
 - (e) revenue arising from the repayment of amounts wrongly paid;
 - (f) proceeds from the sale of vehicles, equipment, installations, materials, and scientific and technical apparatus, which are being replaced or scrapped when the book value is fully depreciated;
 - (g) insurance payments received;
 - (h) revenue from payments connected with lettings;
 - (i) revenue from the sale of publications and films, including those on an electronic medium.
- 1a. The basic act applicable may also assign the revenue for which it provides to specific items of expenditure.
 2. All items of revenue within the meaning of points (a) to (d) of paragraph 1 shall cover all direct or indirect expenditure incurred by the activity or purpose in question.
 3. The budget shall carry lines to accommodate the categories of assigned revenue referred to in paragraphs 1 and 1a and wherever possible shall indicate the amount.

Article 20

1. The Director may accept any donation made to CEPOL, such as foundations, subsidies, gifts and bequests.
2. Acceptance of donations which may involve some financial charge shall be subject to the prior authorisation of the Governing Board, which shall take a decision within two months of the date on which the request is submitted to it. If the Governing Board fails to take a decision within that period, the donation shall be deemed accepted.

Article 21

1. The following deductions may be made from payment requests, invoices or statements, which shall then be passed for payment of the net amount:

- (a) penalties imposed on parties to procurement contracts or beneficiaries of a grant;
 - (b) discounts, refunds and rebates on individual invoices and payment requests;
 - (c) interest generated by pre-financing payments.
2. The cost of products or services provided to CEPOL directly or indirectly shall be charged to the budget for the full ex-tax amount, where they incorporate taxes refunded:
- (a) either by the United Kingdom pursuant to the Headquarters Agreement as referred to in the constituent instrument;
 - (b) or by a Member State or non-member country on the basis of other relevant agreements.
- Any national taxes temporarily borne by CEPOL under the first subparagraph shall be entered in a suspense account until they are refunded by the State concerned.
3. Any negative balance shall be entered in the budget as expenditure.
4. Adjustments may be made in respect of exchange differences occurring in the implementation of the budget. The final gain or loss shall be included in the balance for the year.

Chapter 6 **Principle of specification**

Article 22

The appropriations in their entirety shall be earmarked for specific purposes by title and chapter; the chapters shall be further subdivided into articles and items.

Article 23

1. The Director may make transfers from one chapter to another and from one article to another without limit and from one title to another up to a maximum of 10 % of the appropriations for the financial year shown on the line from which the transfer is made.
2. Beyond the limit referred in paragraph 1, the Director may propose to the Governing Board transfers of appropriations from one title to another. The Governing Board shall have three weeks in which to oppose such transfers. After this time-limit they shall be deemed to be adopted.
3. Proposals for transfers and transfers carried out under paragraphs 1 and 2 shall be accompanied by appropriate and detailed supporting documents showing the

implementation of appropriations and estimates of requirements up to the end of the financial year, both for the headings to be credited and for those from which the appropriations are drawn.

4. The Director shall inform the Governing Board as soon as possible of all transfers made. He shall inform the budgetary authority of all transfers carried out under paragraph 2.

Article 24

1. Appropriations may be transferred only to budget headings for which the budget has authorised appropriations or carries a token entry (p.m.).
2. Appropriations corresponding to assigned revenue may be transferred only if they are used for the purpose to which the revenue is assigned.

Chapter 7 Principle of sound financial management

Article 25

1. Budget appropriations shall be used in accordance with the principle of sound financial management, that is to say, in accordance with the principles of economy, efficiency and effectiveness.
2. The principle of economy requires that the resources used by CEPOL for the pursuit of its activities shall be made available in due time, in appropriate quantity and quality and at the best price.

The principle of efficiency is concerned with the best relationship between resources employed and results achieved.

The principle of effectiveness is concerned with attaining the specific objectives set and achieving the intended results.

3. Specific, measurable, achievable, relevant and timed objectives shall be set for all sectors of activity covered by the budget by the Governing Board. Achievement of those objectives shall be monitored by performance indicators for each activity and information shall be provided to the Governing Board by the Director. This information shall be provided annually and at the latest in the documents accompanying the preliminary draft budget.
4. In order to improve decision-making, CEPOL shall regularly carry out ex ante and ex post evaluations of programmes or activities. Such evaluations shall be applied to all programmes and activities which entail significant spending and evaluation results shall be sent to the Governing Board.

Article 25a

1. The budget shall be implemented in compliance with effective and efficient internal control.
2. For the purposes of the implementation of the budget, internal control is defined as a process applicable at all levels of the management and designed to provide reasonable assurance of achieving the following objectives:
 - (a) effectiveness, efficiency and economy of operations;
 - (b) reliability of reporting;
 - (c) safeguarding of assets and information;
 - (d) prevention and detection of fraud and irregularities;
 - (e) adequate management of the risks relating to the legality and regularity of the underlying transactions, taking into account, where applicable, the multiannual character of programmes as well as the nature of the payments concerned.

Chapter 8
Principle of transparency

Article 26

1. The budget shall be drawn up and implemented and the accounts presented in compliance with the principle of transparency.
2. A summary of the budget and amending budgets, as finally adopted, shall be published in the Official Journal of the European Union within three months of their adoption.

The summary shall show the five main revenue budget lines, the five main expenditure budget lines for the administrative and operational budget, the establishment plan and an estimate of the number of contract staff expressed in full-time equivalents for which appropriations are budgeted, and seconded national experts. It shall also indicate the figures for the previous year.

3. The budget including the establishment plan and amending budgets, as finally adopted, as well as an indication of the number of contract staff expressed in full-time equivalents for which appropriations are budgeted, and seconded national experts, shall be transmitted for information to the budgetary authority, the Court of Auditors and the Commission, and shall be published on the Internet site of CEPOL within four weeks of their adoption.
4. CEPOL shall make available on its Internet site information on the beneficiaries of funds deriving from its budget, including experts contracted pursuant to Article 74b. The published information shall be easily accessible, transparent and comprehensive.

The information shall be made available with due observance of the requirements of confidentiality and security, in particular the protection of personal data laid down in Regulation (EC) No 45/2001 of the European Parliament and of the Council ⁽¹⁾.

Where information is published only in anonymous form, CEPOL shall, upon request, provide information on the beneficiaries concerned to the European Parliament in an appropriate manner.

TITLE III ESTABLISHMENT AND STRUCTURE OF THE BUDGET

Chapter 1 Establishment of the budget

Article 27

1. The budget shall be established in accordance with the provisions of the constituent instrument of CEPOL.
2. CEPOL shall send the Commission a provisional draft estimate of its revenue and expenditure and the general guidelines underlying that estimate by 10 February each year and the final draft estimate by the date specified in the constituent instrument.
3. The estimate of revenue and expenditure of CEPOL shall include:
 - (a) an establishment plan setting the number of permanent and temporary posts authorised within the limits of the budget appropriations, by grade and by category;
 - (b) where there is a change in the number of persons in post, a statement justifying the request for new posts;
 - (c) a quarterly estimate of cash payments and receipts;
 - (d) information on the achievement of all previously set objectives for the various activities as well as new objectives measured by indicators.

Evaluation results shall be consulted and referred to as evidence of the likely merits of an increase or decrease of CEPOL's proposed budget in comparison with its budget for year N.

- 3a. If the Commission has objections to the draft estimate, as referred to in paragraph (3), it shall consult the Governing Board within 30 days after it has received the draft estimate.
4. CEPOL shall send to the Commission and the budgetary authority by 31 March each year at the latest the following:
 - (a) its preliminary work programme;

⁽¹⁾ OJ L 8, 12.1.2001, p. 1.

- (b) its updated multi-annual staff policy plan, established in line with the guidelines set by the Commission;
 - (c) information on the number of officials, temporary and contract staff as defined in the Staff Regulations and the Conditions of Employment of Other Servants (hereinafter "the Staff Regulations") for the years N-1 and N as well as an estimate for the year N+1;
 - (d) information on contributions in kind granted by the host Member State to CEPOL;
 - (e) an estimate of the balance of the outturn account within the meaning of Article 81 for the year N-1.
5. As part of the procedure for adoption of the general budget, the Commission shall send CEPOL's statement of estimates to the budgetary authority and propose the amount of the subsidy for CEPOL and the number of staff it considers that CEPOL needs. The Commission shall provide the draft establishment plan of CEPOL and for an estimate of the number of contract staff expressed in full-time equivalents for which appropriations are proposed.
6. The budgetary authority shall adopt the establishment plan of CEPOL and any subsequent amendment thereto in accordance with Article 32(1). The establishment plan shall be published in an Annex to Section III – Commission – of the general budget.
7. The budget and the establishment plan shall be adopted by the Governing Board. They become definitive after final adoption of the general budget setting the amount of the subsidy and the establishment plan and if necessary the budget and the establishment plan shall be adjusted accordingly.

Article 28

Any amendment to the budget, including the establishment plan, shall be the subject of an amending budget adopted by the same procedure as the initial budget, in accordance with the provisions of the constituent instrument and Article 27.

Chapter 2 Structure and presentation of the budget

Article 29

The budget shall comprise a statement of revenue and a statement of expenditure.

Article 30

The statement of expenditure must be set out on the basis of a nomenclature with a classification by purpose. This nomenclature shall be determined by CEPOL and shall make a clear distinction between administrative appropriations and operational appropriations.

Article 31

The budget shall show:

1. in the statement of revenue:
 - (a) the estimated revenue of CEPOL for the financial year in question;
 - (b) the estimated revenue for the preceding financial year and the revenue for year n - 2;
 - (c) appropriate remarks on each revenue line;
2. in the statement of expenditure:
 - (a) the commitment and payment appropriations for the financial year in question;
 - (b) the commitment and payment appropriations for the preceding financial year, and the expenditure committed and the expenditure paid in year n - 2;
 - (c) a summary statement of the schedule of payments due in subsequent financial years to meet budget commitments entered into in earlier financial years;
 - (d) appropriate remarks on each subdivision.

Article 32

1. The establishment plan referred to in Article 27 shall show next to the number of posts authorised for the financial year, the number authorised for the preceding year and the number of posts filled at the end of the year n - 2.
It shall constitute an absolute limit for CEPOL; no appointment may be made in excess of the limit set.

However, save in the case of grades AD 16, AD 15, AD 14 and AD 13, the Governing Board may modify the establishment plan by up to 10 % of posts authorised, subject to two conditions:

- (a) that the volume of staff appropriations corresponding to a full financial year is not affected;
- (b) that the limit of the total number of posts authorised by the establishment plan is not exceeded.

2. By way of derogation from the second subparagraph of paragraph 1, the effects of part-time work authorised by the appointing authority in accordance with the Staff Regulations may be offset by other appointments. Where a staff member requests the withdrawal of the authorisation before expiry of the granted period, CEPOL shall take appropriate measures to respect the limit referred to in point (b) of paragraph 1 as soon as possible.

TITLE IV IMPLEMENTATION OF THE BUDGET

Chapter 1 General provisions

Article 33

The Director shall perform the duties of authorising officer. He/she shall implement the revenue and expenditure of the budget in accordance with the financial rules of CEPOL, on his/her own responsibility and within the limits of the appropriations authorised.

Without prejudice to the responsibilities of the authorising officer as regards prevention and detection of fraud and irregularities, CEPOL shall participate in fraud prevention activities of the European Anti-fraud Office.

Article 34

1. The Director may delegate his/her powers of budget implementation to staff of CEPOL covered by the Staff Regulation as provided for in the rules for implementing this Regulation referred to in Article 99. Those so empowered may act only within the limits of the powers expressly conferred upon them.
2. The delegated person may sub-delegate the powers received as provided for in the rules for implementing this Regulation referred to in Article 99. Each act of sub-delegation shall require the explicit agreement of the Director.

Article 35

1. All financial actors within the meaning of Chapter 2 of this Title and any other person involved in budget implementation, management, audit or control shall be prohibited from taking any measures which may bring their own interests into conflict with those of CEPOL. Should such a case arise, the person in question must refrain from such measures and refer the matter to the competent authority.
2. There is a conflict of interests where the impartial and objective exercise of the functions of a person referred to in paragraph 1 is compromised for reasons involving family, emotional life, political or national affinity, economic interest or any other shared interest with the beneficiary.

3. The competent authority referred to in paragraph 1 shall be the immediate superior of the member of staff concerned. If the member of staff is the Director, the competent authority shall be the Governing Board.

Article 36

1. The budget shall be implemented by the Director in the departments placed under his/her authority.
2. Technical expertise tasks and administrative, preparatory or ancillary tasks involving neither the exercise of public authority nor the use of discretionary powers of judgement may be entrusted by contract to external private-sector entities or bodies, where this proves to be indispensable.

Chapter 2
Financial actors

Section 1
Principle of segregation of duties
Article 37

The duties of authorising officer and accounting officer shall be segregated and mutually incompatible.

Section 2
Authorising officer

Article 38

1. The authorising officer shall be responsible for implementing revenue and expenditure in accordance with the principles of sound financial management and for ensuring that the requirements of legality and regularity are complied with.
2. To implement expenditure, the authorising officer shall make budget commitments and legal commitments, shall validate expenditure and authorise payments and shall undertake the preliminaries for the implementation of appropriations.
3. Implementation of revenue shall comprise drawing up estimates of amounts receivable, establishing entitlements to be recovered and issuing recovery orders. It shall involve waiving established entitlements where appropriate.
4. The authorising officer shall put in place, in compliance with the minimum standards adopted by the Governing Board on the basis of equivalent standards laid down by the Commission for its own departments, and having due regard to the risks associated with the management environment and the nature of the action financed, the organisational structure and the internal management and control systems and

procedures suited to the performance of his/her duties, including where appropriate ex post verifications.

Article 53

1. Establishment of an amount receivable is the act by which the authorising officer or authorising officer by delegation:
 - (a) verifies that the debt exists;
 - (b) determines or verifies the reality and the amount of the debt;
 - (c) verifies the conditions in which the debt is due.

3. The contracts and grant agreements concluded by CEPOL shall provide that any debt not repaid on the due date laid down in the debit note shall bear interest in accordance with Commission Regulation (EC, Euratom) No 2342/2002 ⁽²⁾. Such a waiver shall be made by a duly substantiated decision of the authorising officer. The authorising officer may delegate such a decision only for amounts receivable of less than EUR 5 000.

The waiver decision shall state what action has been taken to secure recovery and the points of law and fact on which it is based.

4. Such cancellation shall be by decision of the authorising officer responsible and shall be suitably substantiated.
5. The authorising officer responsible shall adjust the amount of an established debt upwards or downwards when the discovery of a factual error entails the alteration of the amount of the debt, provided that this correction does not involve the loss of the established entitlement of CEPOL. He shall also indicate decisions to waive or partially waive recovery of established amounts. The list shall be added to CEPOL's report on budgetary and financial management.

CEPOL shall establish a list of the body's entitlements stating the names of the debtors and the amount of the debt, where the debtor has been ordered to pay by a Court decision that has the force of res judicata and where no or no significant payment has been made for one year following its pronouncement. The list shall be published, taking account of the relevant legislation on data protection.

In this case all details of CEPOL's entitlement shall be registered. The accounting officer shall keep a list of all debit notes and provide the number of the debit notes and the global amount in CEPOL's report on budgetary and financial management.
